BOOK COVER

SPECIAL CASES

- **Novelettes:**
 - **Only Frontal:** from 200€ (increasing according to copies)
 - **Dust Jacket:** from 250€ (increasing according to copies)
- **Discounts for several volumes of the same saga*:**
 - **Bilogies:** -10%
 - **Trilogies:** -12%
 - **Sagas:** -15%

*To apply the discount in all the books, even if the invoicing is done during the process of each one, the contract must specify that the covers of several books are ordered, indicating how many.

If only the first book is contracted, without it being formally written that the following books will also be commissioned (which would justify the discount), the percentage listed will only be applied to the next books, leaving the first book without discount.

- **Reprints**:**
 - In case a reprint is needed, the total number of copies since the beginning of the contract has exceeded the interval, a new invoice will be issued with the difference in price.

**Sample. The customer orders a dust jacket for a print run of 200 copies (€310). Subsequently, a reprint of another 100 copies is required, so that the total number of copies (200+100 = 300) corresponds to the range of 360€. The price to be paid will be the difference of 360-310= 50€ for the value of this new print run.

fiestas, el alcohol y, en fin, todo eso no me va demasiado. Aunque puedes ir tú, claro. Sin problema.

—Ya, ya lo sé. —Se rasca la nuca—. Pero había pensado en que no estaría mal hacer algo diferente alguna vez, ¿no? La verdad es que me haría ilusión que vinieses. Creo que podría ser divertido. La casa de Leti es enorme y va a haber un montón de gente, tanto del curso como de segundo. —Se acerca a mí y estira las manos, invitándome a sacarlas. Me acaricia el dorso sobre mis guantes azul marino—. Me encantaría presentarte a algunos amigos. Siempre me dicen que están deseando conocerte. Supongo que es porque soy terriblemente pesado cuando les hablo de ti, pero no lo puedo evitar...

Sus palabras quedan en el aire, que le mece el flequillo mientras sus ojos me observan. Tiene las pálidas mejillas un tanto sonrojadas y las comisuras de sus labios amenazan con robarle una sonrisa que pondría fin a su intento de conformar un rostro de corderito degollado. Está adorable.

—Bueno... Si tanta ilusión te hace, de acuerdo —acabo cediendo. Suelta un grito de triunfo que se esparce en el eco de Avenida de América. Yo río, incapaz de contenerme—. Estás loquisimo...

—Sí, por ti. —Me besa—. Venga, vamos. O llegaremos tarde.

Tira de mí de improviso y contengo un grito. Nuestros zapatos chasquean en los adoquines y nuevas risas los acompañan mientras evasivamos a la marabunta que se rinde a la rutina. De inmediato, me olvido de la llamada, de las tortitas y de la luz del sol que se asoma sobre nuestras cabezas. La única certeza que permanece es que, si él me lo pidiera, iría hasta el fin del mundo.
